BANGALORE DIVISION.

Circular dated 6th May 1944.

Subject :—Bills claiming charges for the supply of water to Government Buildings in Bangalore.

To

All the Heads of Government Institutions, Bangalore.

In the triplicate bills sent from the Water Supply Division, Bangalore, containing claims for the supply of drinking water to Government Buildings, columns are provided so as to indicate claims on current account as also for arrears outstanding recovery. The arrears which are not met will also be shown in the bills separately against the column intended for the purpose. Some of the Officers of Government contend that arrears should not be shown nor are they to be got included in the total claim of the current bills and they therefore demand revised bills showing the current charges only being sent for acceptance and return to the Water Supply Division. This course of action cannot be attended to in view of the fact that it entails additional labour and extra time. Even otherwise the bill ought to show the full claim remaining undischarged at the time of its despatch inviting, as it does the attention of the paying department to arrange for meeting the claims shown as arrears.

If the arrears are paid by the time the current demand is received, only the charges as found due may be accepted with necessary remarks in respect of the payment of the balance appearing against the column arrears.
